INDEPENDENT AUDITOR'S REPORT

Board of Directors
Memorial-Heights Redevelopment Authority
City of Houston, Texas

We have audited the accompanying financial statements of the governmental activities and major fund of Memorial-Heights Redevelopment Authority (the "Authority"), **a component unit of the City of Houston, Texas**, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the Authority as of June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and the Budgetary Comparison Schedule – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information required by the City of Houston, Texas is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2016**

The discussion and analysis of Memorial-Heights Redevelopment Authority's (Authority) financial statements provide an overview of the Authority's financial performance during the years ended June 30, 2016, and 2015. This discussion and analysis includes comparative data for the year ended June 30, 2016, with the year ended June 30, 2015, with a brief explanation for significant changes between fiscal years. Since the Management's Discussion and Analysis is designed to focus on current activities, resulting changes and currently known facts, please read in conjunction with the Authority's financial statements and footnotes.

HIGHLIGHTS

- Since its creation in 1996, Reinvestment Zone Number Five, City of Houston (Zone) has seen an increase in taxable value. As of tax year 2016, the projected taxable value was approximately \$657.5 million. This increase in value over the base year was due to multiple factors including annexation of territory into the boundaries of the Zone and subsequent development of multi-family development and commercial projects in the Zone.
- The Authority recorded its annual Municipal Services Payment to the City of Houston in the amount of \$440,000.
- During Fiscal Year 2016, the Authority had Affordable Housing Expenditures due to the City of Houston in the amount of \$1,240,307.
- On November 4, 2015, by Ordinance 2015-1047, City Council added approximately 696.75 acres into the boundaries of the Zone.
- During Fiscal Year 2016, the Authority bid and awarded a contract for the construction of the Bryce Street Trailhead.
- Submitted 60% completion documents for the Olivewood Trailhead Project to the Public Works and Engineering Department of the City for review and comment during the year.
- During Fiscal Year 2016, initiated planning efforts for the Houston Avenue and White Oak Drive Intersection project, the 18th and 19th Street Reconstruction Project and the Shepherd/Durham Streets Reconstruction Project.

MEMORIAL-HEIGHTS REDEVELOPMENT AUTHORITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2016

OVERVIEW OF THE FINANCIAL STATEMENTS

Under Governmental Accounting Standards Board (GASB) Statement No. 34, the Authority qualifies as a special purpose government with one program – redevelopment of the Memorial-Heights Area, an area in central Houston consisting of commercial and recreational corridors within an area generally bounded by IH-610 to the North and West, IH-45 to the East, and West Clay Street to the South (the “Memorial-Heights Area”). GASB Statement No. 34 allows such entities to combine the fund financial statements and the government-wide financial statements rather than presenting separate statements.

Government-wide statements report information about the Authority as a whole using accounting methods similar to those used in private-sector companies. The Statement of Net Position includes all of the Authority’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid. The fund financial statements report information about the Authority on the modified accrual basis, which only accounts for revenues that are measurable and available within the current period or soon enough thereafter to pay liabilities of the current period. Adjustments are provided to reconcile the government-wide statements to the fund statements. Explanations for reconciling items in the “Adjustments” column are provided on the face of the statements.

STATEMENT OF NET POSITION

The Statement of Net Position includes all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. The following table reflects condensed information (rounded to the nearest thousand) on the Authority’s net position at June 30:

	<u>2016</u>	<u>2015</u>

Capital Assets

The Authority had no capital assets as of June 30, 2016. Under the Development Agreements, the Authority oversees the construction of certain public improvements in the Memorial-Heights Areas. Upon completion and inspection by the Authority's consultants and the City's inspectors, the public improvements are automatically conveyed to the City. Thus, although it may have obligations to reimburse construction participants, including developers, for the public improvements, the Authority never holds title to any public improvements.

Debt

As of June 30, 2016, the Authority had no debt.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Authority's overall final budget for 2016 was in excess of \$9.4 million dollars.

MEMORIAL-HEIGHTS REDEVELOPMENT AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1. DESCRIPTION OF ORGANIZATION

Description of Organization

Memorial-Heights Redevelopment Authority (the Authority) is a nonprofit local government corporation, incorporated December 11, 1997 under the laws of the State of Texas, and operating under Chapter 431, Texas Transportation Code. On December 10, 1997, the City of Houston (the City) adopted Resolution No. 97-67, which authorized the Authority to aid, assist and act on behalf of the City, in the performance of the City's obligation with respect to Reinvestment Zone Number Five, City of Houston, Texas (Memorial-Heights TIRZ or TIRZ).

City of Houston Reinvestment Zone Number Five

Memorial-Heights TIRZ was created pursuant to Chapter 311, Texas Tax Code, by City Ordinance No. 96-1337, effective December 24, 1996, as a tax incremental reinvestment zone. The TIRZ is authorized to provide new capital for public works and public improvements in specified corridors and areas in the Memorial-Heights Area. The TIRZ will provide a source of funding through the tax increments generated by redevelopment of those areas within the Memorial-Heights Area.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

As required by accounting principles generally accepted in the United States of America, these financial statements represent all of the funds of Memorial-Heights Redevelopment Authority. The Authority is a component unit of the City of Houston. Component units are legally separate entities for which the primary government is financially accountable. There are no separate legal entities that are a part of the Authority's reporting entity.

Tax Increments and Participation Agreements

The City, Harris County (the County) and the Houston Independent School District (HISD), (each a Participant) have agreed to deposit to the Tax Increment Fund established for the TIRZ (the Tax Increment Fund) a certain percentage of the tax collections arising from their taxation of the increase, if any, in the appraised value of real property located in the TIRZ since January 1, 1996 (the Tax Increments). Each Participant is required to collect taxes on real property located within the TIRZ in the same manner as other taxes are collected by the Participant. The Participant is then required to pay the Tax Increment Fund the Tax Increments, as agreed upon in accordance with such Participant's agreement with the City and the TIRZ (collectively, the Participation Agreements). Thus, Tax Increments are due to be deposited from the Tax Increment Fund to the Authority's account by the end of each quarter in which they are collected in the Tax Increment Fund. The City and County have agreed to pay 100% of their Tax

Increments to the Tax Increment Fund. The County's taxes for the Hospital District, Port Authority and Flood Control District are not payable to the Tax Increment Fund. Pursuant to an agreement between the City, the TIRZ, and HISD as amended (the HISD Interlocal Agreement), HISD has agreed to pay \$0.64 per \$100 of Captured Appraisal Value, which shall be applied to the obligations of the TIRZ and the remaining portion shall be accrued in the Tax Increment Fund to be applied, at HISD's sole discretion, to educational facilities. During the current fiscal year, tax increments of \$3,720,919 were collected by the City of which \$186,046 was withheld to cover administrative costs and tax increments of \$1,013,698 were collected by HISD of which \$473,024 was withheld to cover educational facilities and \$25,000 was withheld to cover administrative costs. For the year ended June 30, 2016, the Authority did not receive a County Tax Increment.

Measurement Focus and Basis of Accounting:

Government-Wide Financial Statement

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. The Statement of Net Position and the Statement of Activities were prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred.

Government-wide statements distinguish between governmental-type and business-type activities. Governmental activities are those financed through taxes, intergovernmental revenues, and other non-exchange revenues and are usually reported in governmental and internal service funds. Business activities are financed in whole or in part through fees charged for goods or services to the general public and are usually reported in proprietary funds. The Authority does not have any business-type activities.

Fund Financial Statements

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus and have been prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction that can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Authority considers all revenue available if it is collected within 60 days after the year end. Expenditures are recorded when the related fund liability is incurred. The Authority only has one major fund, the General Fund, which accounts for all financial resources.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting: (Continued)

Fund Balances

Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally required. The Authority does not have any restricted fund balances.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the Authority. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The Authority does not have any committed fund balances.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The Authority has not adopted a formal policy regarding the assignment of fund balances. As of June 30, 2016, the Authority assigned \$3,513,443 of its General Fund fund balance to offset the 2017 budget deficit.

Unassigned - all other spendable amounts in the General Fund.

When an expenditure is incurred for which restricted, committed, assigned, or unassigned fund balances are available, the Authority considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Federal Income Taxes

The Authority is exempt from Federal income taxes as an organization described in Section 501(c) (3) of the Internal Revenue Code. Under Section 6501 (c) (4), the Authority has also requested an advance ruling allowing it to be treated as a publicly supported organization under Section 170 (b) (1) (A) (vi) of the Internal Revenue Code. Furthermore, as an adjunct of local government, the Authority is exempt from Federal income taxes under Section 115 (2) of the Internal Revenue Code and qualifies as a publicly supported organization within the meaning of Section 509 (a) of the Internal Revenue Code.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Basis of Accounting: (Continued)

Use of Estimates

The preparation of the Authority's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Authority's management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual result could differ from those estimates.

NOTE 3. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Authority's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the Authority of securities eligible under the laws of Texas to secure the funds of the Authority, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At June 30, 2016, none of the Authority's bank balances were exposed to custodial credit risk.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at June 30, 2016, as listed below:

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas statute, the Authority is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all Authority funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the Authority's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. Authority's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest Authority funds without express written authority from the Board of Directors.

The Board of Directors has adopted a written investment policy regarding the investments of its funds as defined in the Public Funds Investment Act of 1997 (Chapter 2256, Texas Government Code). Such investment include (1) obligations of the United States or its agencies; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal and interest of which are unconditionally guaranteed or insured by or backed by the full faith and credit of the State of Texas or the United States or their respective agencies; (4) certificates of deposit, and (5) commercial paper that complies with the Public Funds Investment Act. During the year ended June 30, 2016, the Authority had no investments.

NOTE 4. DEVELOPER ADVANCES AND INTEREST PAYABLE

The Authority and Memorial-Heights TIRZ have executed a development agreement with ArchStone Smith to provide funding for all reasonable and necessary expenses for the maintenance, operation and administration of the Authority and Memorial-Heights TIRZ. ArchStone Smith has agreed to extend a loan not to exceed the aggregate principal amount of \$16,706,921. The loan shall bear interest on the unpaid principal amount at the Base Rate (the prime rate of J.P. Morgan Chase Bank) plus 1% per annum until maturity. If applicable, the interest rate shall be adjusted quarterly based on any changes in the Base Rate. Principal and interest shall be repaid from the deposits made by the participating taxing entities to the Tax Increment Fund until the obligation is retired. Providing the availability of funds in the Tax Increment Fund, scheduled payments shall commence on April 1, 1998, with subsequent payments to be made annually each July. Accordingly, \$167,382 and \$49,052 of principal and

interest, respectively, was paid during the fiscal year ended June 30, 2009. At the end of the fiscal years 2010 through 2016 the balance due was zero on the loan.

The Authority has also entered into a reimbursement agreement with Legacy Partners Memorial Houston, L.P. (Legacy). In accordance with this agreement, Legacy has agreed to fund various right-of-way improvements on behalf of the Authority. As of June 30, 2009, Legacy has funded \$192,294 in reimbursable costs. This amount was recorded as a liability in the Statement of Net Position for 2009 and paid in 2010. The Authority also accrued and paid an additional \$28,000 in 2010 making the total paid to Legacy Partners in 2010 \$220,294. There were no payments made to Legacy in 2011 through 2016 and no amount due as of June 30, 2016.

In addition, the Authority has also entered into a reimbursement agreement with Regent Square AB LLC, Regent Square CD LLC, and AH Borrower LLC (Regent). In 2012, a partial assignment of the reimbursement agreement was made by Regent to Sovereign Regent Square LLC (Sovereign). In accordance with the reimbursement agreement, Regent and Sovereign have agreed to fund on behalf of the Authority certain design and construction costs for public infrastructure improvements in connection with a mixed-use development. As of June 30, 2016, no reimbursements under the reimbursement agreement have been paid.

NOTE 5. RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; personal injuries; and natural disasters. The risk of loss is covered by commercial insurance for which the Authority participates along with more than 1,500 other entities in the Texas Municipal League's Intergovernmental Risk Pool. The Pool purchases commercial insurance at group rates for participants in the Pool. The Authority has not had any significant reductions in insurance coverage and no settlements.
